## SYNOPSIS.

THE CITY. Dredging to begin on  
new inner harbor today...World's  
Methodist conference won by Los  
Angeles on thirty-third day.

Cusker's friends claim that manager  
lost \$10,000 in Arnold failure.  
Plucky Mrs. Louis bids defiance to  
labor-union bullies...Tom Riley will  
fight with Woods...Flight over Wig-  
more estate increases in bitterness.

Catered dinner refused to sell his  
Chamber of Commerce building lease.  
W.C.T.U. asks Water Board to es-  
tablish drinking fountain...Lemon  
principal suffers by late freeze.  
Highwaymen board car and rob moto-  
rman...City Council rebukes Car-  
rie Nation...Ordinance restricting lo-  
cations of restaurants...Sale of Main-  
street franchise will be advertised.

First Ward to whom up for trans-  
fers...No action yet on Brooks' rac-  
ing petition...Deadline in Park Com-  
mission...Hak. ordinances effective to-  
day...Lawyer's office...San Fran-  
cisco...Wild West show for bene-  
fit of jury in horse case...Colored  
held for grand larceny...Supervisors  
hear protests from Vernon against  
Black's posthumous...Neroli convicted  
by held spot that the coroner isn't his.  
Dead thief was Basilio Lopez.

SOUTHERN CALIFORNIA. Bowler  
memory library collection formally  
accepted by Pasadena...Owl and rab-  
bit electrocuted and Santa Ana dark-  
ened...Pasadena auto racers have  
troubles...Carpenter...Municipal  
needed in San Pedro...Launch nearly  
burned at Avalon...Frost and "thrip"  
to be discussed at Claremont...Trol-  
ley prospect at Covina...No school  
board at Savelle...Water-front in-  
sue in Long Beach...Republican can-  
didate at Pomona...Jay E. Brown  
murder...Pasadena...Municipal  
litigation over Santa Barbara-county  
land.

FOREIGN. Reichstag informed about  
Venezuelan settlement...Congress of  
powers may sit on Turkey...Russia  
calls Bulgaria to time...British Blue  
Book disclosures.

GENERAL EASTERN. Confidence  
men work whiskey trade...Zero weath-  
er and blizzards in many States from  
the Rockies to Atlantic Coast...Heroic  
fishermen save shipwrecked crew.  
Von Holleben's recall credited to  
champanne...Explosion kills eight  
persons and wrecks Postoria cane fac-  
tory...Highwayman post prisoners on  
le...Railroads need more employ-  
ment.

SPORTING RECORD. Police mak-  
ing it warm for turf swindlers...In-  
glecider record broken by Kenilworth.  
Tale which players mistaken for  
thieves...International chess tourna-  
ment.

WASHINGTON. Cortelyou now a  
Cabinet officer...Senate passes Indian  
Appropriation Bill...Democrat  
Philippe Currency Bill...Democrat  
in quinary over Statehood...Rep-  
ublican majority preparing pit for Quay-  
ties...James B. Garfield to head De-  
partment on Corporations...Life of  
Spanish Claims Commission extended.  
Preparing more protocols.

KEEPS WATER COMPANY OUT.  
ROCHESTER (N. Y.) Feb. 16.—Be-  
tween midnight and 4 o'clock Sunday  
morning fifty Italian laborers, said to  
be in the employ of the Rochester and  
Lake Ontario Water Company, dug a  
five-foot trench across Culver road and  
North Union street, near the New York  
Central Railroad, and were preparing  
to drop a line pipe when a squad  
of policemen drove them away. The  
city officials were notified, and the  
ditches were filled up before 10 o'clock.

DIAMOND BROKER ROBBED.  
CHICAGO, Feb. 16.—Nathan Doron,  
a diamond broker of Philadelphia,  
was robbed of \$700 worth of diamonds  
within ten minutes after stepping from  
a train on his arrival here from Cin-  
cinnati today. He boarded a street  
car, rode half a dozen blocks, and was  
relieved of his wallet while being  
jostled in the crowd.

BACK FROM EUROPE.  
NEW YORK, Feb. 16.—Miss Mary  
Young, sister of William Hooper Young,  
arrived yesterday on the steamship  
Philadelphia. Miss Young is the fian-  
cée of Harold Eldredge, a nephew of Sen-  
ator-elect Reed Smoot of Utah. The  
wedding is expected to take place in  
this city in the spring. Three weeks be-  
fore that of John W. Young, the young

## VENEZUELA.

### PREFERS AMERICA.

First Protocol to Be  
Drawn Up.

Castro's Government Recognizes  
the Fairness of Uncle Sam in  
All the Negotiations.

Thirty Per Cent. of the Receipts of  
La Guayra and Puerto Ca-  
bello to Be Taken.

British Blue Book Discloses the  
Arrangements With Germany.  
Queen Wilhelmina.

(BY THE ASSOCIATED PRESS—A.M.)  
WASHINGTON, Feb. 16.—Prepara-  
tions were begun at a conference  
today between Mr. Penfield of the  
State Department and Mr. Bowen  
for the signing of the protocol pro-  
viding for the settlement of the claims  
of the United States against Venezuela.  
It being the desire of Venezuela that  
the United States agreement shall be  
drawn up first. The protocol will pro-  
vide for the appointment of a com-  
mission of one member to be ap-  
pointed by the President and one by  
President Castro in May upon the  
American claims, and in the event of  
a disagreement, the King of Spain is  
to appoint the umpire. Unlike the  
protocol of the allies, it is expected  
that the United States agreement will  
provide for the appointment of this  
committee within a certain period.  
For the satisfaction of their claims,  
the protocol will stipulate that 30 per  
cent. of the receipts of the customs of  
two ports of La Guayra and Puerto  
Cabello shall be set aside, to be held  
in trust until the Hague Tribunal  
shall decide in what way this amount  
is to be distributed among the creditor  
nations.

When the United States protocol is  
signed, Mr. Bowen will call in turn on  
the representatives of the other cred-  
itor nations. Mr. Bowen, and is  
intended as a compliment to the sov-  
ereignty of the country at whose capital  
The Hague Tribunal sits. Great Brit-  
ain, Germany and Italy in their proto-  
cols provide that the King of Spain  
shall name the umpire.

UPHOLD FOR UNCLE.  
(BY THE ASSOCIATED PRESS—P.M.)  
WASHINGTON, Feb. 16.—Queen  
Wilhelmina of the Netherlands may be  
requested by the Washington govern-  
ment to name the umpire who shall  
decide the claims of the United States  
against Venezuela, in the event that  
persons named by the United States  
and Venezuela cannot agree.

The selection of Queen Wilhelmina  
was suggested by Mr. Bowen, and is  
intended as a compliment to the sov-  
ereignty of the country at whose capital  
The Hague Tribunal sits. Great Brit-  
ain, Germany and Italy in their proto-  
cols provide that the King of Spain  
shall name the umpire.

VINETA STILL LYING.  
(BY THE ASSOCIATED PRESS—P.M.)  
PUERTO CABELLO, Feb. 16.—The  
German cruiser Vineta is still lying in  
the bay.

BRITISH BLUE BOOK.  
INTERESTING DISCLOSURES.  
(LONDON, Feb. 16.—[By The Associated  
Press.] A blue book on the Venezuelan  
dispute was issued tonight. The most  
interesting detail in the book, from an  
American point of view, is an official  
letter from the former British  
Minister to Caracas, Mr. H. H. Hag-  
gard, to Foreign Minister Lansdowne,  
dated Trinidad, December 30, con-  
cerning the alleged illegal detention of  
the British schooner Harry Troop by  
Venezuelan government in an un-  
healthy place from May to November,  
1902, whereby the crew were decimated  
by dysentery. Haggard says in this  
letter:

"I regret to say that it would appear  
that I placed too much faith in the  
complete accuracy of the statements  
of the secretary of the United States  
Legation, W. W. Russell, as to the  
improvement in the condition of the  
Harry Troop, etc., when he saw her.  
These statements may probably be ac-  
counted for by the facts which appear  
undoubtedly, that Mr. Bowen was most  
anxious, for reasons best known to  
himself, to represent the conduct of

the Venezuelan authorities in the most  
favorable light possible, and that he  
had inspired his subordinate in the  
same direction. To put it briefly, Mr.  
Russell did not dare to say a word  
outside the legend contrary to Presi-  
dent Castro's mode of proceeding."

Another noteworthy dispatch is Sir  
Michael Herbert's report to Minister  
Lansdowne on his disagreement with  
Mr. Bowen, dated January 19. The  
British Ambassador said in his re-  
port:

"The Italian Ambassador, the Ger-  
man Charge d'Affaires and I called  
tonight on Mr. Bowen. I informed him  
that we were forced to reckon with  
public opinion in England, and that  
it might be necessary to fall back on  
the international tribunal at The  
Hague. We were unable to secure a  
satisfactory answer from Mr. Bowen,  
who was very evasive. He ultimately  
made a statement in reply in the  
following terms: 'I object to paying  
first the claims of the allied powers  
and the claims of the other nations  
afterward, because, firstly, I think it  
is unjust, unfair and illegal to tie the  
hands of the said nations for the pe-  
riod of five or six years that it would  
take to pay the claims of the allied  
powers; secondly, if I recognize that  
brute force alone can be respected in  
the collection of claims, I should en-  
courage the said other nations to use  
force also; thirdly, if the allied pow-  
ers wanted preferential treatment, they  
should have asked for it at the begin-  
ning.'"

President Roosevelt's reply defin-  
ite to arbitrate and urging refer-  
ence to The Hague Tribunal contains the  
following sentence:

"After a thorough consultation with  
all the powers concerned, during which  
the President found an honorable spir-  
it of candor and mutual consideration  
animating every one of them, he has  
been greatly gratified to learn that  
in the event of his not undertaking the  
important duty which the powers in-  
vited him to undertake, they would all  
be willing to accept a reference to the  
international tribunal at The Hague."

Former Ambassador Said to Have  
Agreed to Assist in Advertising Certain  
Stand by Endorsing to Secure Its  
Use for Meteor Christmas.

(BY THE ASSOCIATED PRESS—A.M.)  
NEW YORK, Feb. 16.—The World  
says that from evidence brought out in  
the United States Circuit Court, it ap-  
pears that Emperor William's sudden  
and mysterious recall of Baron Von  
Hollenberg, German Ambassador at  
Washington, closely followed charges  
that he had used his official position to  
advertise a certain wine. This wine  
has been used in vain by the Emper-  
or for use in the christening of the Em-  
peror's yacht Meteor, by Miss Alice  
Roosevelt.

Herbert Limburger, member of the  
German Embassy, who was charged with  
Johnson, who figured in the litigation  
in the Circuit Court at Milwaukee be-  
tween rival wine firms, returned to  
New York yesterday and told for the  
first time that the charges against  
Ambassador Von Holleben were pre-  
sented in person by Edward Lauter-  
bach to Secretary Day, that Secretary  
Roosevelt directed an investigation of  
the charges, inasmuch as he himself  
had taken a conspicuous part in the  
launching of the Emperor's yacht, and  
his daughter had broken the bottle of  
wine at the christening. Limburger  
said that Count Von Quadt, secretary  
of the German Embassy, admitted on  
cross-examination that Ambassador  
Von Holleben had received a letter  
from the producers of a certain cham-  
pagne offering him twenty cases if he  
would designate that wine for the chris-  
tening of the Meteor.

When seen by a reporter at his home,  
Limburger gave details of the affair.  
"It was," he said, "that charges were  
filed last summer against Ambassador  
Von Holleben with the State Depart-  
ment, and an effort was made of  
using his official position to advertise  
a certain wine, and further accused  
him of having sent a willfully false tele-  
gram to the press at Milwaukee the  
night after the launching of the Meteor,  
saying that his wine was used at the  
christening, when in fact it was not.  
I have been informed that after the  
filing of these charges President Roose-  
velt had an investigation made. Some-  
time thereafter Ambassador Von Hol-  
leben was recalled by the German Em-  
peror."

"United States Court Judge Seaman,  
in Milwaukee, after hearing the evi-  
dence in the United States Circuit  
Court,

[illegible]

when business of state is so voluminous that his office force is almost swamped—a man who will stop under such circumstances to attend to his other duties, he may make mistakes, but his heart is right, and, that being true, mistakes can be overlooked.

#### HELPING THE POT-HUNTERS.

There is a quiet movement on foot to again make it legal for pot-hunters and those who snare quail to sell quail in the open market, thus depleting the supply of such game birds, a measure which will meet with the unqualified disapproval of every true sportsman in the state. The man selected to introduce the bill making the change is the present assemblyman, Assemblyman Warren F. John of San Luis Obispo. Friday, he presented a measure, innocent-looking enough until it was compared with the existing statute. His bill provides that it shall be unlawful for any person to sell, expose for sale or offer for sale any partridge, pheasant, grouse, sage hen, this plover or any deer meat, whether the animal was shot in the state or elsewhere. Violation of this proposed law is declared to be a misdemeanor. Designedly, this prohibition does not include quail. John's bill becomes a law, it will be possible for market hunters to slaughter quail by the score and sell them in unlimited numbers. What is behind the bill is not known, but it is supposed that John was induced to present his measure by persons who are desirous of depleting the coveys of the birds which were, up to two years ago, becoming scarce, especially in Southern California. The bill will meet with vigorous opposition in both houses.

#### FOR JUVENILE PRISONERS.

Assemblyman Barber has introduced a bill, the necessity of which has been urged by police officials and those occupying judicial positions throughout the state and one which had been presented earlier in the session would have been almost certain to pass by both houses. It is a proposed law, the purpose of which is to prevent youthful prisoners in city or county jails from being subjected to the corrupting influences of association with old criminals and vicious persons who may be under arrest. The bill provides that within sixty days after its passage the governing bodies of the cities, counties or other political divisions of the state shall provide in their jails and prisons separate quarters for the confinement of juvenile prisoners, that is to say, prisoners of either sex under the age of 16 years. These quarters must be separate and apart from those in which prisoners of other ages are confined, and there must be no means of communication between them and the other quarters. It is declared to be the duty of the governing body to see that the provisions of this proposed law are carried out. It frequently happens that children of tender age are arrested, sometimes for serious crimes, but more often for trivial offenses. As an example, the violation of the curfew law. There being no special place in which to keep them, they are placed in cellrooms with older and more vicious persons, and are subjected to influences directly the opposite of those which are conducive to making of them good citizens.

#### JOURNAL OF EDUCATION.

If a bill which has been introduced by Assemblyman Blitts of Oakland becomes a law, the state, or more properly the school districts of the state, will no longer have to contribute a subsidy of \$1000 a year to the journal which the highest educational authorities of the state assert is useless so far as any real benefit is concerned. What is aimed at is the Western Journal of Education, now published by the Whitaker & Ray company of San Francisco. Under the proposed law each school district in the state must contribute \$1000 per annum to the support of this educational publication. This amounts to about \$5000 per annum to the publishers of the sheet, or bundle of sheets, for which it is doubtful if the educational districts receive ample return.

Time was when the educational authorities of the state needed some official organ; when it was necessary for them to have some journal which would give to each of them the benefit of the experience of the others. But in a publication devoted to that purpose. But that time has passed. There are educational journals of the East which give more real meat and

## J. EDWARD ADDICKS HIS ULTIMATUM.

(BY THE ASSOCIATED PRESS-P.M.)

WILMINGTON (Del.) Feb. 16.—The following statement was issued today by J. Edward Addicks, the Union-Republican candidate for United States Senator:

"The Senatorial situation: On the Republican side there are but two things the bolters can do. First, the ten men now voting against J. Edward Addicks can come into a common caucus of thirty-one Republicans. In this case Mr. Addicks will withdraw and his twenty-one friends will nominate the two Union-Republican Senators as near to Mr. Addicks as possible and the whole thirty-one will elect them. Of course, if the bolters can find any way whereby ten men can beat twenty-one they can nominate one of the Senators."

"Second. Each side can elect one Senator without dictation from the other side. In this case Mr. Addicks will be the choice of the Union-Republicans. No dictation will be permitted by the Union-Republicans."

"On the Democratic side, the Democrats can join the bolters and elect

## RAILROADS NEED MORE EMPLOYEES.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Feb. 16.—[Exclusive Dispatch.] An interesting feature of the fast-developing community of interest among railroads, especially with regard to systems operating in densely populated territory, is the steadily-increasing demand for employees. Curtailment of new construction is one of the results of the community-of-interest idea. The great trunk lines have ceased invading each other's territory, and costly rivalries, as well as rate cutting, have practically disappeared.

During the past few years there has been less and less building of new lines, but many millions of dollars have been spent in extending and improving the track facilities of railroads already established. Naturally, therefore, each road is getting more traffic per mile

information on the subject of education in one issue than this publication is said to do in many months. In a letter to Assemblyman Blitts on this subject, no less an authority than President Wheeler of the State University declares himself as against the continuation of this State subsidy to a private concern. He says that he thinks the state does not receive a proper equivalent for its expenditure of \$5000 in subsidizing the Western Journal of Education, and advises that the law be changed so as to eliminate that virtual tax upon the school districts. Owing to the lateness of the session and the fact that the bill was not sooner introduced, it may not be passed, but Blitts will use every effort to secure its adoption.

#### AGAINST WARRANT SHAVERS.

Those who make a comfortable living at the expense of those who work for a salary, especially those who work for the city or county, and who through force of circumstances are obliged to discount their warrants, will have little sympathy with a bill which has been introduced by Assemblyman Brown of San Mateo, which will put the claim shavers, salary discounters or warrant brokers out of business. The bill is directed against those who extort money from those who will advance money to any person drawing a salary from the city or county from 10 to 20 per cent. a week or a month, so tie up their customers that they are never able to pay out. The bill provides that no assignment of salary yet to be earned or no power of attorney to collect the same shall be at all legal unless made by the person whose salary is to be assigned. Even if such assignment be recorded, it shall in no wise operate against the person, firm or corporation from whom the salary is due, and they are not obliged to honor such assignment. The bill further provides that any such assignments or agreements if it is provided that a rate of interest higher than 10 per cent. per annum is charged the whole agreement or assignment shall be null and void. Already there has been a howl about this measure. Some of the claim shavers in San Francisco have sent representatives here to fight the bill, and inasmuch as money is involved, they are not suspected of being without their argument if they can find any member or members of either house who are at all susceptible to such influence.

#### NO TREASURY RAID.

There will be no raid upon the state treasury this year by those members who have pet measures carrying with them appropriations of large amounts—at least there will be no such raid if Gov. Pardee can prevent it, and he thinks he can. The general approval of the bill is not universal, however, and the amounts which will be required for that purpose are well known. But the question of thousands of dollars for this or that scheme, will either have to be pruned or else be beaten out of the treasury. The bill which would raise the rate this year and next will have to be larger than usual, much larger than the ruinous rate made by Gage during the latter part of his term. The taxpayers of the state understand why this is necessary. Gage made the state so poor, he stated that the people having enjoyed it for a time, are now confronted with the proposition of paying a normal rate and adding to it the deficiency in the treasury. The present administration has no apologies to make for this condition. It was not at all responsible for it, but inherited it from the last administration. Had Gage given a reasonable rate instead of trying to play politics by giving an abnormal rate, the conditions would be different and the various appropriations—some of them very necessary—would have been possible. Under present conditions, however, it is impossible for the state to give out much money for the improvement of its institutions.

#### LOOKS BAD FOR CARTER.

MANILA, Feb. 16.—The court-martial of Lieutenant-Commander F. S. Carter as the result of the grounding of the U. S. S. Albatross during maneuvers off Subic was concluded today. Carter has been ordered to return to the United States. It is believed that the verdict is guilty, and that he has been sentenced to be dismissed from the service. The prosecution charged that Carter had influenced the warrant officers to alter the reports of the accident after they had all been made.

#### ANYBODY THE COALITION PLEASES.

This cannot be prevented by the Union-Republicans, and they would not lift a hand to prevent it.

"As to the future position of the Union-Republicans, in no event will we have anything to do with the bolters in New Castle county. No more common primaries will be tolerated while the bolters are in the saddle. Union-Republicans and not bolting bolters. No man who refused to vote for J. Edward Addicks in the Legislature will ever be allowed to hold an office in Delaware, nor will any bolter sympathizer be permitted to come to the front of Union-Republican nominees. A straight ticket in Wilmington and throughout the state in the long run."

"As to the appointments, Congressmen Ball cannot get a Federal appointment. After March 4 the appointments, according to custom, ought to go to the chairman of the Union-Republican State Committee and the national committee. J. Edward Addicks. We will see where the power will lie."

(Signed) J. EDWARD ADDICKS

## PACIFIC SLOPE REEL JOKE NOT FUNNY.

Angeleno Whose Humor is of Killing Kind.

Writes to Young Lady That He is Going to Commit Suicide.

Litigious Mrs. Struthers—Oregon Deadlock—Rare Indian Relics Found.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Feb. 16.—[Exclusive Dispatch.] R. E. Reel, a young man connected with a prominent firm in Los Angeles, sent a letter to Miss Bulah Stockwell this morning, stating that he intended to commit suicide because the affection he felt for the young lady was not reciprocated. When the letter arrived she was not in, but her father received and opened it. He found enclosed a key to a safe in the home of the young lady. The contents of the note that the writer intended to make away with himself. Becoming excited, he turned the key over to the police in hopes that they would apprehend the man before he carried out his purpose.

The police worked on the case all day, and it was not until late in the afternoon that they learned Reel had written the letter as a joke.

Miss Stockwell is the daughter of C. E. Stockwell, an electrician, and is 19. About six months ago she went to Los Angeles, and there met Reel. They became friendly, and when she returned to this city Reel followed her.

AGAIN IN THE COURTS.

MRS. STRUTHERS OF RAMPART.

(BY DIRECT WIRE TO THE TIMES.)

JACOMA (Wash.) Feb. 16.—[Exclusive Dispatch.] Mrs. Struthers of Rampart, formerly Miss Garratt of San Francisco and Dawson, has been made defendant at Rampart, in a \$20,000 damage suit, brought by H. J. Roden and M. T. Gill.

Mrs. Struthers attained prominence last year in Yukon by winning a warmly-contested lawsuit, involving the ownership of Claim No. 4, at Glenn Roden, the son of H. J. Roden, and Camp. Jack Roden, then an admirer of Miss Garratt, stated the claim and gave her a half interest. When the richness of the claim was discovered, Roden wanted to get it back. In the meantime, Miss Garratt had married Struthers, a prominent employee of the Northern Commercial Company. Judge Wickham decided in her favor.

Roden and Struthers conspired to make them throw up a contract, whereby they were to obtain one-half of her part of the mine for cross-cutting it.

BODIES OF VICTIMS.

SCATTERED BY DYNAMITE.

(BY DIRECT WIRE TO THE TIMES.)

BOWIE (Ariz.) Feb. 16.—[Exclusive Dispatch.] At the Buckeye mine, nine miles south of this place, two men were killed by dynamite. Pieces of a number of others slightly hurt as the result of an explosion of dynamite. The dead:

WILLIAM STEEL.

WILLIAM O'DONNELL.

Injured:

T. J. MILLER.

WILLIAM GRAVELLE.

EGRA MADISON.

The explosion occurred a few minutes before 10 o'clock Saturday afternoon. Careless methods of a miner caused this awful accident, which might have resulted more seriously.

Steel and O'Donnell had been left to stack out two boxes of frozen dynamite. Steel gathered up all the dynamite he could hold in two hands and walked over to a bucket of hot water. He dropped it in and immediately there was a deafening explosion. Steel was blown twenty-five feet from where the bucket stood. He was horribly mutilated.

O'Donnell's body was thrown fully 150 yards, part of it lodging in a small tree.

William Gravelle, who was placing rails on the tramway about fifteen feet from Steel, saw him drop the powder into the hot water. Gravelle has been ordered to return to the United States.

It is believed that the verdict is guilty, and that he has been sentenced to be dismissed from the service. The prosecution charged that Carter had influenced the warrant officers to alter the reports of the accident after they had all been made.

proposes to locate him before she returns to her New York home. Christie, it is alleged, agreed to supply his clients with 200 acres of timber land in the upper Humboldt River country for \$4.50 and \$5 per acre. This contract was made last July. Christie was in Sutter, but no one knows where he is now.

#### DECAPMS WITH FUNDS.

YOUTH YIELDS TO TEMPTER.

(BY THE ASSOCIATED PRESS-P.M.)

MARYSVILLE, Feb. 16.—Bert Wheeler, a young man, 21 years of age, who came to this city several months ago from Salt Lake City, is wanted here on charge of felony embezzlement. He was of pleasing address and soon became popular among his associates. He claimed to have been in service during the Spanish-American War, both in Cuba and the Philippines, and was made drill master and treasurer of the Boys' Brigade of the Methodist Church, which the boys have been working to secure a fund for the purchase of uniforms.

Last Friday night they gave a military entertainment and presented the receipts to young Wheeler. The following night he was heading for the depot with his suitcase and his arm, and has not been heard of since. A warrant has been issued for his arrest, and his description forwarded to officers of the state police. Wheeler is about 5 feet 5 inches in height, has dark hair and dark blue eyes. He had been learning the mold-making trade in a local foundry.

#### SAN DIEGO WATER CASE.

FINAL DECISION RENDERED.

(BY THE ASSOCIATED PRESS-P.M.)

SAN FRANCISCO, Feb. 16.—By the judgment of Judge De Haven serving on the bench of the United States Circuit Court of Appeals, the decision of the District Court of Southern California in the suit against the San Diego Flume Company was affirmed today. This closes the prolonged litigation against the water company.

The plaintiffs in the original suit claimed that the defendants had diverted 12,000 gallons a day, paying \$8000 for the privilege. The contract provided, however, that in case of drought the plaintiffs should be furnished with a limited supply in favor of the cities which had paid premiums for a period of six months, though they pay large sums regularly, will cease to be members of the association and their certificates will be canceled.

The defendants in the suit alleged that owing to the excessive dryness of the winters of 1893 and 1894, they were obliged to limit the irrigation, furnished to them in compliance with the contract. Southern, thereupon declared the contract broken, and appealed to the circuit court.

Judge De Haven says: "The San Diego Flume Company in the matter of the sale and distribution of its water carried out a duty to the public. The plaintiffs were not the only persons dependent upon the system for their supply. The contract was made with the city of San Diego, and in no case he held responsible for carrying out this phase of the contract."

In the case of John Goldwater, et al. v. Gorenakoff, et al., decision of Circuit Court of Southern California affirmed.

#### COAST BRIEFS.

Oregon Labor Bills.

SALEM (Or.) Feb. 16.—The Senate this afternoon passed three labor bills, one to prohibit blacklisting, one to punish desertion in securing employment, and a third to protect employees in their right to join or not to join labor unions.

Oregon's Senatorial Ballot.

SALEM (Or.) Feb. 16.—Today's Senatorial ballot showed no change over that of Friday, and it is generally believed that the contest will be a close one until the last day.

Foolish Jack Rabbits.

NEVADA CITY, Feb. 16.—Thousands of jack rabbits have been killed during the past few days on the track of the Beckwith and Loyalton Railroad in Sierra county. The heavy snows have covered all vegetation, and the rabbits in search of food have organized into roads, betting a track across the snow fields. The rabbits are being killed by the thousands, and the tracks are being made by the rabbits.

Robbers Raid Saloon.

OAKLAND, Feb. 16.—Marked robbers raided the saloon of A. M. Melton at Fourteenth and Center streets last night, and secured between \$25 and \$30 at the point of a pistol.

Chinese Foreman Murdered.

MARTINEZ, Feb. 16.—Sing Lee, better known as "Sam," foreman of a vineyard of E. C. Bush, located about a mile from this place, was brutally murdered last night. The body was found in a ditch, and the cabin is only about three hundred feet from the Bush residence. The body was found in a ditch, and the cabin is only about three hundred feet from the Bush residence.

Rare Indian Relics.

SAN FRANCISCO, Feb. 16.—An Indian mound containing rare relics has been explored on the bay shore about half a mile above the town of Point Richmond. The mound is estimated at from 150 to 500 years.

Still in Deadlock.

PORTLAND (Or.) Feb. 16.—The Senatorial ballot at Salem of today was as follows: Fulton, 32; Geer, 15; Williams, 17; Wood, 14; scattering, 3; absent, 2. No choice.

Strange Death of Teamster.

SAN FRANCISCO, Feb. 16.—John M. Long, a teamster, while driving along a road near the city, was killed by a lumber mill. The lumber shifted in some way and struck him, causing his death. The lumber shifted in some way and struck him, causing his death.

Hollywood Bank Commissioned.

SAN FRANCISCO, Feb. 16.—The bank commission today issued a commission for the opening of a new banking institution at Hollywood, Los Angeles. The bank is to be known as the Hollywood Bank, and will have a capital of \$25,000, with the sum fully subscribed, and will open for business on February 17.

Cassidy's Age Important.

SAN RAFAEL, Feb. 16.—Inability to determine the exact age of William Cassidy, the man who was charged with the murder of John Mitchell, is a point of importance in his case. The exact age of Cassidy is important in his case.

Chicago Mitchell.

(BY THE ASSOCIATED PRESS-P.M.)

CHICAGO, Feb. 16.—Six thousand people crowded the Auditorium tonight at the demonstration of the local labor union in honor of John Mitchell, president of the United Mine Workers. The greatest enthusiasm was shown when Mitchell appeared on the platform, and his speech later in the evening was received with cheers.

After an address by Clarence S. Darrow of this city and Henry D. Lloyd, Mitchell spoke briefly. His speech

Berkeley with instructions to bring his baptismal records for the years 1832 to '38. The father thought the boy was baptized in Berkeley, about 1855.

#### Olsen Loses His License.

SAN FRANCISCO, Feb. 16.—Capt. O. F. Bolles and Capt. Bulger, United States inspectors of steam vessels, today made their report on the investigation into the wreck of the steamer Crescent City on Fish Rock on January 20. They met out punishment to Chief Mate Otto Olsen, in the withdrawal of his license as master and pilot, and to Capt. H. T. Farnie they dealt censure in the form of a suspension of his license as master for thirty days.

#### Dolores Mine Sold.

SAN FRANCISCO, Feb. 16.—The Dolores mine in Chihuahua, Mex., was sold in this city today to the London Venture Company for \$1,250,000. The property was quickly sold by a number of Californians, who were represented by the deal by John Hays Hammond and E. A. Witte.

#### Nasamino Miners Strike.

VICTORIA (B. C.) Feb. 16.—The miners of Nasamino have gone on strike. About eight hundred men went out today against the Nasamino Flume Company of San Francisco, which recently acquired the mines at Nasamino. The miners are

SOUTH AND EAST.

(BY THE ASSOCIATED PRESS—P.M.)

LOUISVILLE (Ky.) Feb. 16.—Rain  
and snow, and a strong wind, are the  
prevailing conditions throughout the South  
and East today. Railroad traffic is delayed,  
while in a number of cities the street rail-  
ways are almost at a standstill. Reports  
from Tennessee, Arkansas, Mississippi,  
Georgia and all parts of Kentucky tell  
of damage done by the blizzard, the  
swollen streams and suffering of the  
poor of man and beast, of traffic of  
all kinds delayed, and in some in-  
stances loss of life is reported.In Louisville the snowfall has been  
four inches, and a strong wind has  
piled the snow in drifts. The street  
railway company has with the greatest  
difficulty kept its cars in motion at  
irregular intervals during the day. Sev-  
eral of the trolley lines were abandoned  
tonight, snow piling up on the tracks  
and making it impossible to clear the  
snow and sleet storm which prevailed  
today was one of the worst in years,  
and interfered with the street car  
operations of the trolley cars, and the  
telegraph and telephone wires.In Atlanta a heavy rain fell all day,  
and high winds prevailed.The same conditions are reported  
from portions of Georgia, and the Chat-  
tahoochee River is rising rapidly.The temperature at St. Louis to-  
night is in the country southward, and the  
heaviest weather of the winter was experi-  
enced. Birmingham, Montgomery and  
Selma, Ala., and Little Rock, Ark.,  
reported snow. It is feared some dam-  
age has been done to the fruit crop in  
Louisiana.Northern Georgia, the Chattahoochee  
River is rising at the rate of four inches  
an hour. Flood warnings have been  
sent out to points on the river below  
here.The Ohio River has risen more than  
three feet in the past sixteen hours at  
Louisville, but the cold weather is ex-  
pected to check the rise and prevent a  
flood.SNOW FALLS IN GOTHAM.  
(BY THE ASSOCIATED PRESS—P.M.)  
NEW YORK, Feb. 16.—After a day  
of sleet and drizzling rain, snow began  
to fall in this city at 5 o'clock. The  
fall was heavy and fast and at 11  
o'clock had reached a depth of four  
inches. The storm did not cause ma-  
terial delay in the elevated trains, al-  
though the surface lines had some difficulty  
in keeping up to their schedule time.  
On the downtown horse-car lines  
there was much trouble.FLOOD THREATENS PITTSBURGH.  
(BY THE ASSOCIATED PRESS—P.M.)  
PITTSBURGH (Pa.) Feb. 16.—Pitts-  
burgh is threatened with a flood to-  
night. The water in the Allegheny River  
at Island dam registered twenty and one-  
half feet, and was rising at the rate  
of two inches an hour. At 1:30 o'clock  
this morning the water was at the  
highest point of the season since 1901.  
The snow has caused a suspension of  
all street-car traffic.SNOW STRIKES HEAVILY.  
(BY THE ASSOCIATED PRESS—P.M.)  
CINCINNATI, Feb. 16.—The heaviest  
snowstorm of the season struck the  
Ohio Valley tonight, from five to eight  
inches of snow now covering the  
ground. Train service is badly dis-  
rupted. The water in the Ohio River  
is entirely suspended. The water in  
the Ohio River at all points from Pitts-  
burgh to below Cincinnati.OMAHA'S COLDEST.  
(BY THE ASSOCIATED PRESS—P.M.)  
OMAHA, Feb. 16.—Ten deg. below  
zero was registered here this morning,  
being the coldest of the year. The  
cold wave covers this State, Iowa and  
South Dakota.SOME LOW RECORDS.  
(BY THE ASSOCIATED PRESS—P.M.)  
KANSAS CITY (Mo.) Feb. 16.—The  
local Weather Bureau reported the fol-  
lowing temperatures at 8 o'clock this  
morning:  
Missouri—Kansas City, 6 below zero;  
Kansas—Wichita, 6 below; Concordia,  
12 below; Dodge City, 16 below; Tope-  
ka, 9 below.The atmosphere today in this part of  
the Southwest is clear, with prospects  
of a further fall in temperature. The  
ground is covered with five inches of  
snow on the level, while in railroad cuts  
a strong north wind has piled the drifts  
high.COLDEST SPOT OF ALL.  
(BY THE ASSOCIATED PRESS—P.M.)  
WILLISTON (N. D.) Feb. 16.—Willis-  
ton is the coldest spot in the United  
States today, the mercury registering  
42 deg. below.WYOMING SHEEP LOSSES.  
(BY THE ASSOCIATED PRESS—P.M.)  
RAWLINS (Wyo.) Feb. 16.—The loss  
of sheep on the Red Desert, where 600-  
000 range, will be heavy as the result  
of the intense cold and the snow. The  
moderating, but the continuation of the  
storm for six or seven days has weak-  
ened the sheep until deaths are of  
hourly occurrence.The weather is the coldest which has  
been experienced for many years. At  
Medicine Bow in the center of the vast  
sheep-raising country, the temperature  
registered from 23 to 22 deg. below zero  
for four nights. In the Encampment  
country it has fallen to 40 below, and  
all mining operations have ceased. The  
fall of snow in the mountains averages  
from twenty to sixty feet, and manyI Will Cure You of  
RHEUMATISM  
Else No Money is Wanted.My honest person who suffers from Rheu-  
matism is welcome to this system. I have  
treated more cases than any other physician.  
I have made 100 experiments with  
different drugs, testing all known reme-  
dies while searching for the best. I have  
found a remedy which, with my previous  
discoveries, gives me a certain cure.  
I don't mean that it can turn your joints  
back to their original condition, but it  
will make them feel better. I have done  
it at any stage, completely and forever. I have  
done it 100,000 times.I know this so well that I will furnish my  
remedy on trial. Simply write me a postal  
card or a letter and I will send you a  
month's supply of my medicine for six bottles  
only \$1.00. If it fails, I will pay the freight  
and return the bottles. If it succeeds, the cure  
is yours. It will pay you to try it. Write me  
at once.It means that exactly. If you say the re-  
sults are not what I claim, I don't expect a  
penny from you.I have no samples. Any more sample that  
can affect Rheumatism must be  
drugged to the verge of death. I will not  
do that. It is folly to take them. You  
must get the dose that even in the most dis-  
ticult, obstinate cases. It has cured the old-  
est cases that I ever met, and is an in-  
valuable remedy in all my 3000 trials—I never found  
a case that would cure one chronic  
case in ten.Write me and I will send you the order.  
Try my remedy for a month. I will send you  
anyway. If it fails it is free.

**TO LET—**

The image depicts a dark, vertical, textured surface, likely the cover or endpaper of an old book. The material appears to be a dark, possibly black or very dark brown, cloth or leather that has become heavily worn and discolored over time. The surface is covered in numerous fine, light-colored scratches, scuffs, and abrasions, particularly visible in the lower half of the image. There are also larger, irregular areas of lighter discoloration and staining, suggesting water damage or the presence of organic materials like vellum that have aged. The texture is uneven, with some areas appearing smoother than others. The overall appearance is one of significant age and use.

There's a limit to style, beauty or variety in the way of washable

fabrics, these late arrivals certainly touch that point. In design,

we are coloring and texture they are, to say the least, novel.

Every woman in town should SEE them if nothing more.

Following is a partial index for today's visitors:

COTTON SWISS MUSLINS—A very pretty, sheer,

colored swiss with small embroidered dots of the same color or

dots on grounds of all the popular shades; 28 in. wide, yd. 15c

ARISA SWISS—In woven stripes and pretty printed

beautiful floral figures and colorings; 30 in. wide, yd. 25c

COTTON ETAMINES—In plain colors with knots and

dots of white, regular knickerbocker effects, especially new and styl-

ishing; every popular color; 28 in. wide, yd. 25c

ROSALINE SWISSES—In Jacquard weaves and pretty

designs in fresh, spring shades; 28 in. wide, yd. 35c

MERCEZIZED SYLRICA—A plain fabric beau-

tifully interwoven, made to imitate a heavy louisiana silk. This prom-

ises to become popular for shirt waist suits for summer wear. All

32 in. wide, yd. 35c

There are the new KELVIN AZURES, FINE ORGAND

FANCY LINENS, the latter in dark colors, mixtures, etc., for

men's wear, mousseline, or beach suits; heavy strong material, from

NERVY WOMAN

DEFIES UNION.

Walking Delegate's Threats

Failed to Move Her.

Insists on Building Her House

Without Interference.

Middle-class Tactics of Burly

Trouble-breeder Fail of

Their Purpose.

Plinky Mrs. M. E. Louis of No. 131

North Union avenue has flung defiance

in the face of the rabid union labor

element of Los Angeles, and has

routed the gang of agitators that made

a bold attempt to interfere with her

affairs.

Her home was invaded Saturday

by a burly walking delegate of the Car-

penters' Union, who demanded that

she employ none but union carpenters

in the construction of a house that

she is building on a lot that adjoins

her home grounds.

Intimidation was used to force her

to bow to the will of the union.

Threats were made that the union

never would permit the completion of

the building unless members of labor

organizations were employed, and ev-

ery device was employed to frighten

her into acceding to the unreasonable

demands, but there was only one reply

to every argument.

"I am building this house, and shall

do so in my own way."

This was the answer that the union

agent received, and the object of his

attack would not serve from his

position.

Mrs. Louis is a woman of business

ability who owns and manages several

enterprises, among them being oil

wells and rental property. Not long

ago she had planned for a two-

story frame residence and elected to

have the work done by the day. She

employed carpenters and bricklayers

whom she knew personally. January

12 they returned, quite unexpectedly to

us. This was before I had read the

news of the failure of Arnold &amp; Co.,

but at that time I was not aware that

McCusker had been advised to keep

shy of his office, and not to be seen on

the streets in daylight. The warning was,

"I have done nothing to be ashamed of,

I fear no man."

"Last Friday night Mr. McCusker

stayed at my home," said Mrs. Louis,

and his going was no secret, for on the

day previous he told many of the

neighbors of our house that he was going

there. I am confident, however, that

Mr. McCusker will never meet Arnold,

and that all investors in the

company will be satisfied.

McCusker's personal loss will be

\$10,000. He was so enthusiastic over

the investment scheme that he had

often begged Mrs. McCusker to invest

all her money in it, but she was more

conservative. But it is not for sale.

McCusker will come back here. His

wife is still at his house."

search of work. There was nothing doing

for union men in that shop.

Despite the efforts to delay the work

on her house, Mrs. Louis says it will be

completed on time. She went out yes-

terday and employed a non-union

plumber to take the place of a union

plumber who might have had the work,

and she says there will be no difficulty

about the plastering.

The rout of the union is complete,

and one nervy woman did it all.

SAYS MCCUSKER LOST

TEN THOUSAND HIMSELF.

WAS "ONE OF THE INNOCENT

DUPES" OF ARNOLD &amp; CO.

Lyman Parks Raises Lone Voice in

Defense of Los Angeles Manager of

St. Louis Race-track Swindle—Where

is He?

The cry of "Where is D. A. McCusker,

Los Angeles manager for E. J. Arnold,

the St. Louis turf-investment swin-

dler" has resulted in the raising of at

least one voice in the missing local

manager's behalf. The defender is Ly-

man Parks, of No. 424 South Olive

street, where Mrs. McCusker is now

staying, pending the return of her hus-

band. He claims that McCusker was

merely one among the many dupes of

the Arnold company, and that he sunk

\$10,000 of his own money in the con-

cern, and in vain tried to induce his

wife to part with her money in the

same way.

"I believe," says Mr. Parks, "that

the Arnold concern was beyond all

question one of the greatest swindles of

modern times. But I also believe that

D. A. McCusker was utterly innocent

of either the least intention to do

wrong to anybody or the slightest sus-

picion that his superior were not hon-

orable men engaged in a square busi-

ness. Mr. McCusker and his wife were

married, and he was never in their

marriage, excepting for their short stay

in San Francisco, a week or so ago,

and the past few days.

The dredger is owned by the North

American Dredging Company, whose

headquarters are in San Francisco. It

is built on the hydraulic plan and is

now about two and a half years old.

The machine is very large and power-

ful, having on board one 500-horse-

power engine, which is employed in

running the main pump; five smaller

engines for shifting and hoisting pur-

poses, and numerous smaller pumps

and other machinery for minor work.

There are also two

at night, the dredger is as follows: 160 feet long,

35 feet in width, with a draft of 10 feet.

Active operations will probably com-

mence on the dredging of Los Ange-

les harbor today or tomorrow. By the

terms of the contract the work was to

have been started not later than the

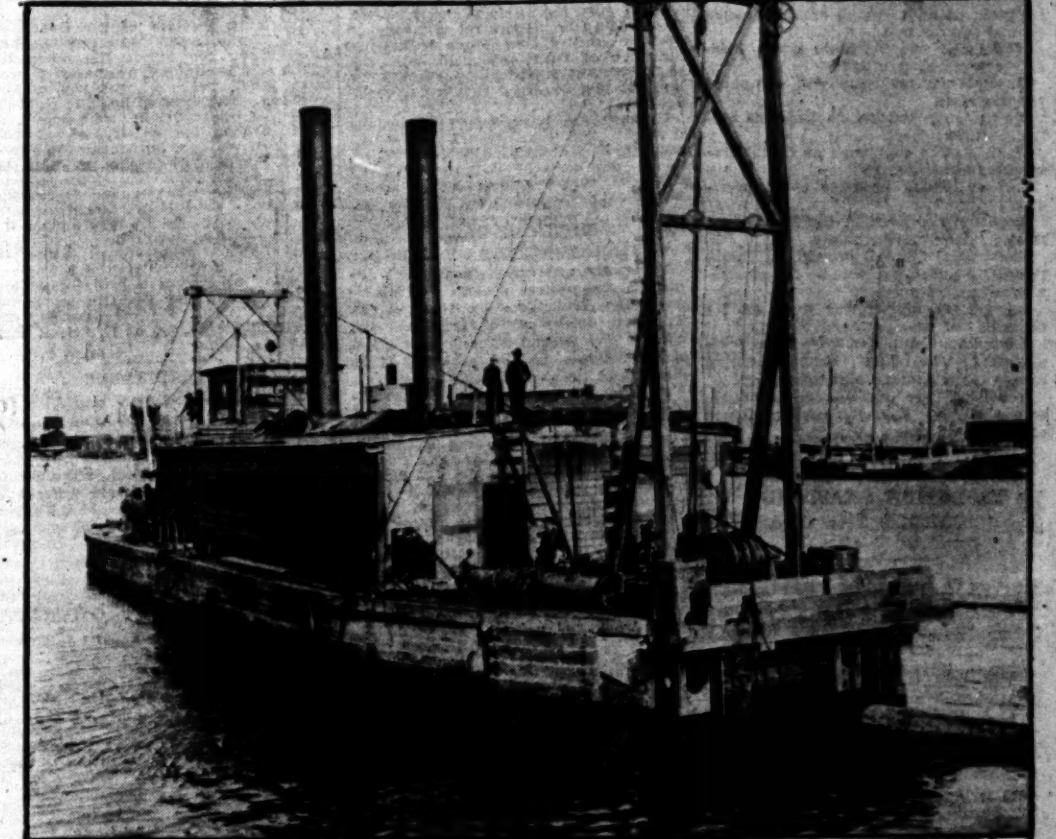

14th inst., but owing to a delay in get-

ting the machine ready for shipment

from San Francisco this was made

impossible. It is not thought the gov-

The image shows the front cover of a book. It has a dark, possibly black or very dark brown, textured surface. There are several vertical stripes of a lighter, greyish or off-white color running from the top to the bottom of the cover. The stripes are of varying widths and are slightly irregular, giving it a hand-drawn or distressed appearance. The overall look is minimalist and modern.
